

Linwood Public Charter School School Based Health Clinic

Need vaccinations?

Need a prescription refilled?

Need a Well Child checkup?

Not feeling well?

Whatever your healthcare needs are....we can help!

Linwood Public Charter School is one of only five schools in north Louisiana with its own health clinic! We have a medical staff on campus ready to take care of our students. There are three fully equipped exam rooms plus a lab! We also have a licensed professional counselor on staff for behavioral health needs.

There is no cost to families for this service! Students do need a consent form signed by a parent/guardian to receive care. Consent forms are available in the school's front office or call us at 318- 868-4552 and we will send a form to you. Our clinic is open [Monday through Thursday from 7:30 am to 5 pm](#).

We are happy to assist our virtual learners with their healthcare needs as well as our students on campus! For students in virtual learning, please call our clinic at 318-868-4552 for an appointment. We also have Telehealth services where you can talk with a medical provider by phone or computer!

Our clinic is sanitized several times during the day plus we practice social distancing so students are safe.

Let's stay healthy! Give us a call at 318-868-4552 or come by our clinic!
